

Customer Journey Map

LegalEase – AI Legal Document Generator
LegalEase Inc. | Documentation Version 2.0

Dhanasri S. (Team Leader), Saranya E., Reshma R., Sandhiya S.

1. Open

User opens the LegalEase interface in the browser.

2. Enter

User enters Document Type, Parties Involved, Terms & Conditions and Effective Date.

3. Generate

User clicks Generate Document; the request is sent to the FastAPI backend and Gemini.

4. Preview

Generated legal document is shown in a styled preview.

5. Edit

User opens the inline editor and revises the text if required.

6. Download

User downloads the final document as TXT, DOCX or PDF.
