

Proposed Solution

LegalEase – AI Legal Document Generator
LegalEase Inc. | Documentation Version 2.0

Dhanasri S. (Team Leader), Saranya E., Reshma R., Sandhiya S.

Core solution

A web-based AI legal document generator with a Streamlit frontend, a FastAPI backend and a Gemini-powered generator.

Input

Document Type, Parties Involved, Terms & Conditions, Effective Date.

Processing

Backend validates the request, the generator builds a structured prompt, Gemini returns the legal text and the utility module sanitizes it.

Output

A previewable, editable legal document downloadable as TXT, DOCX or PDF.
