

Recommended Automated Tests

LegalEase – AI Legal Document Generator
LegalEase Inc. | Documentation Version 2.0

Dhanasri S. (Team Leader), Saranya E., Reshma R., Sandhiya S.

Suggested checks

- Pydantic tests for DocumentRequest (missing fields, empty strings, invalid dates)
- Unit tests for `sanitize_text`, `format_docx`, `format_pdf`, `format_html_preview`
- Integration test for `/generate` using FastAPI TestClient with Gemini mocked
- Smoke test that the Streamlit app boots and the form submits

Known limitations

- AI drafts are not reviewed by a legal professional
- English only
- No login, history or persistent storage
- Depends on Gemini API availability
