

Project Demo Planning

LegalEase – AI Legal Document Generator
LegalEase Inc. | Documentation Version 2.0

Dhanasri S. (Team Leader), Saranya E., Reshma R., Sandhiya S.

Demo preparation

- Verify Python environment and install requirements
- Set local Gemini API key in .env
- Start FastAPI backend (uvicorn legalEaseAPI.main:app --reload)
- Start Streamlit frontend (streamlit run frontend/app.py)
- Prepare sample Rental Agreement input
- Prepare screenshots
- Record demo video

Demo video

LegalEase_Demo.mp4 (about 2 min 21 s) is included in this folder.
